

Thank you for registering the Scientific Advisory Committee “Best Practices” Workshop on Measuring and Interpreting Behavioural Responses of Marine Mammal at Sea to Anthropogenic Sounds

This document contains some additional information and a revised agenda for the workshop. Also appended is a list of those that have registered.

Please check that your name and email address are correct. Anyone requiring a certificate of attendance should email Sarah Dolman <sarah.dolman@whales.org> with “Certificate” in the subject header

The venue is "Centro de Estudos de História do Atlântico (CEHA), located in Rua dos Ferreiros nº 165, Funchal (GPS coordinates: N32.65289 W16.91267).

A map showing the location for the workshop and that for the main meeting (the Casino) is below

Also appended is a list of those that have registered.

Please check that your name and email address are correct. Anyone requiring a certificate of attendance should email Sarah Dolman <sarah.dolman@whales.org> with “Certificate” in the subject header

Scientific Advisory Committee “Best Practices” Workshop

Measuring and Interpreting Behavioural Responses of Marine Mammal at Sea to Anthropogenic Sounds

Funchal, Madeira 13th of March 2016

Timetable

9.00-9.40 Introduction **Jonathan Gordon**, SMRU, University of St Andrews

9.40-10.00 Behavioural Response Studies: Some ethical and regulatory considerations

Sarah Dolman, *WDCS*

10.00 -10:30 Can we assess if responses of cetaceans to noise are relevant at an individual or population level? **Natacha Aguilar de Soto**. *BIOECOMAC Universidad de La Laguna, Tenerife, Canary Islands.*

10.30 -11.10 Measuring marine mammal responses to ship noise. **Enrico Pirotta**, School of Mathematics, Washington State University, Vancouver WA, USA.

COFFEE

11:40-12:10 Status and future of research on the behavioral responses of marine mammals to U.S. Navy sonar **Catriona Harris**, *CREEM, University of St. Andrews*

12:10-13:10 Responses of porpoises and seals to pile driving during wind farm construction and seals to turbine noise **Miriam Brandt** *Bioconsult*. **David Thompson**, SMRU, University of St Andrews

13:10-14:00 LUNCH

14:00-15:00 Responses of porpoise and seals to mitigation signals. **Miriam Brandt** *Bioconsult*. **Jonathan Gordon and Dave Thompson** *SMRU*

15:00-15:30 Analysing behavioural response study data: tools and insights from the MOCHA project. **Catriona Harris** *CREEM, University of St. Andrews*

15:30-16:00 Measuring biologically significant behavioural responses to anthropogenic noise **Saana Isojunno** *SMRU, University of St Andrews*

16:00 -16:30 TEA

16:30 - 17:30 Panel Discussion

Measuring Behavioural Responses to Anthropogenic Sounds

Organising Committee and Presenters
